

BRYST – Inappropriate Conduct Policy

All members of BRYST have a moral responsibility to report suspected abuse whenever it comes to their attention, regardless of where that abuse takes place. Reporting abuse is a form of assistance to those crying out for help. Therefore, immediately notify the designated Club Representative. It will then be their responsibility to notify the proper authorities. BRYST will allow the authorities to investigate the allegations.

The following steps will be taken by BRYST

- BRYST will take immediate action, if necessary, to remove the accused from the program, if warranted.
- All allegations will be taken seriously
- BRYST will reach out to the victim and their family to show care and support and extend whatever resources necessary
- BRYST will keep a written report of the steps taken by the organization in response to the reported abuse. The report will contain only information relevant to the situation. This documentation will be kept in a secure place.
- Any contact with the media will be handled by the General Manager of the club in consultation with the President
